The number in each column reflects how many times each course subject appears in the program's course prerequisite table on the PTCAS website. This number generally corresponds to the number of courses required for admission to the program. It may also refer to a one-year sequence in a course subject, block of courses, recommended course, or course option within a prerequisite track. Visit the PTCAS Directory for program-specific details.

DPT education programs may change course prerequisites at any time and may have additional requirements, preferences, or policies that are not reflected in this summary or on the PTCAS website. Programs may also allow applicants to substitute courses or choose different prerequisite tracks. Applicants should review the PTCAS Directory for program-specific details and contact programs directly to determine whether a particular course will fulfill a prerequisite.
